

CATSHOT GROUP

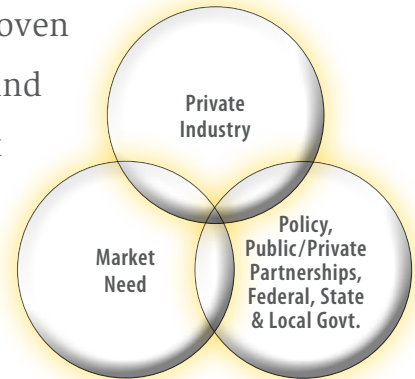

ACCESS. EXPERTISE... YOUR CATALYST.

We are a team of dedicated professionals assembled for our proven expertise at the highest levels of: military strategic planning and combat leadership, private equity and institutional investment deployment, Fortune 100 industrial operational management and extensive public/private partnership and collaborative experience with Federal, State and local governments.

CATSHOT Group takes pride in our Blue Angel, TOPGUN, high-

level business and academic roots and our clients benefit from our **culture of excellence, esprit de corps** and the **absolute best combination of talent, expertise and access.**

Capitalize on the Opportunity to Grow Your Business in Multi-Billion Dollar Markets:

- **Energy & Energy Security** – Maximizing opportunities in traditional and alternative energy, ensuring the security of these sources and related infrastructure.
- **Homeland Security** – Supporting the efforts of domestic and international clients to plan for natural and man-made security threats through strategic planning, public/private partnerships and deployment of the latest technologies.
- **Aviation & Transportation** – Make your operation more efficient, develop new product and service offerings and increase profitability
- **Strategic Projects** – From identifying acquisition opportunities to complex public/private partnerships to best leadership practices from a former Blue Angel Commander, our diverse team of experienced private equity, strategic consulting and military leaders can address your toughest challenges and bring to realization the opportunities you are considering.
